<sup>1</sup>The standard Part B premium is \$170.10. For certain enrollees, any increase in Part B premiums must be lower than the increase in Part B benefits. Social Security benefits will increase in 2022 by 5.9% due to a Cost of Living Adjustment. Some Part B enrollees who paid a lower premium in 2021 may see their premium increase to the full amount of \$170.10 /month. Other Part B enrollees will continue to pay less than the full monthly premium of \$170.10/month if the cost of living increase in their Social Security benefit is not large enough to cover the full Part B premium increase.
